

TECHNICAL DATA SHEET

CODE: PPS 04 Serie Standard

NAME: PPS 04 Series – STANDAR PASTES

GROUP: CONCENTRATED PIGMENT PASTE

CHARACTERISTICS

Solvent-based colouring paste, for use in the wood industry in small quantities for correcting defects in wood veneer or in medium quantities for formulating coloured paints. Available in various colour tones.

TECHNICAL SPECIFICATIONS

The technical specifications are supplied on request, according to colour.

USE

The PPS 04 Series solvent-based colouring pastes can be added to the topcoat in the order of a maximum 5% to correct the defects due to veneering, or added to the solvent for coloured paint preparation to a maximum concentration of 30%.

APPLICATION

The PPS 04 Series colouring pastes can be applied either by spraying or by rag/brush, depending on the used binder.

STORAGE AND PACKAGING PRECAUTIONS

Keep it tightly sealed in its original container in a cool environment (between - 5°C and + 30°C) that is not subject to abrupt temperature excursions.

Standard pack size is 1 Kg. For other specific requirements a feasibility evaluation will be made.

SAFETY PRECAUTIONS

The product is intended for professional use only, refer to the Safety Data Sheet.

MOD. 11 - 08 (Rev. 1 - 06/2016)

The data shown refers to laboratory tests, in practical applications these can change slightly according to the working conditions. The user must anyway check the suitability of the product for its expected use, taking upon himself all responsibility arising from its use. Sigmar reserves the right to introduce technical changes without prior notice.
